## Top Chosen Professional Development Practices

At every visit, I complete/update the milestones. (PAT#36)

At every visit, I use the Parent Educator Resource(s) to choose at least 2 key points of information to share. (PAT#5)

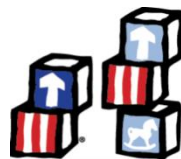

I promote parent-child interaction by describing, linking to this child's development, and expanding to other ways and places to do something similar (HOVRS C2)

17. At every visit, I discuss one or more of the 7 developmental topics; sleep, attachment, discipline, health, transitions/routines, safety, nutrition. (PAT #17)

## NMCAA School Readiness Cognitive Focus Area:

**Goal:** Children will use play to increase their understanding of symbolic representation as it relates to mathematical concepts such as one to one correspondence and cardinality.

**Objective 1:** Families understand how pretend play is connected to emerging/foundational mathematical skills.
