Services Received

Refer to your Needs Identified in Child Plus and consider if they fall into any of these categories, it must be beyond a referral and the service must have been received *within the current program year*. Families may be counted in more than one category. Only include families that received services directly through the program or through program referrals. Please count only those families that actually received the services, not those that were referred and either did not go or were not yet able to receive the services. Families who attend educational presentations including those provided through electronic means (e.g. online training modules) may be counted as receiving a service. Informational brochures and pamphlets distributed to all families are not counted in the PIR.
